PROJECTS

SMART VILLAGE (2020)
- Application based on XML, JAVA and SQL lite. This smart village app is to come up with solution to many problems and make your place a better place to live in. Post the complaints and the issues will be solved. This is made for public services.

CYBER ATTACK DETECTION MODEL FOR WIRELESS SENSOR NETWORKS IN MICRO GRIDS (2022)
- This paper proposes an accurate secured framework to detect and stop data integrity as attacks in wireless sensor networks in micro grids. To this end, an intelligent anomaly detection method based on prediction intervals is introduced to distinguish malicious attacks with different severities during a secured operation.
